

SCHOOL BUS TRANSPORT

Katandra School is serviced by Grenda’s Bus Company and Sandringham Bus Company which collect and return students to their designated pickup and drop-off points on a daily basis.

If you require School Bus Transport, or are contemplating using the service, please complete the form below to allow the most efficient route to be determined. If you will be picking your child up from school please fill in the collecting your child from school section. Families will receive a letter advising them of the appropriate details for their child’s transport to and from Katandra.

Please be aware that there are many considerations when organising the route and pick up points –our aim is to have the children on the bus for the least possible time.

NB: Please be aware that Department of Education and Early Childhood Development advises that students who live within 4.8km radius of the school may not be eligible to use the Bus Service.

All queries regarding School Bus Transport should be directed to the Katandra School Office on 9578 6991.
